

CSA1503-Cloud computing and big data analytics

Experiment-11

11. Create a simple cloud software application for online super market using any Cloud Service Provider to demonstrate SaaS with the template of customer name, address, phone, email, items, quantity etc. with the item classification form.

INPUT:

The screenshot displays a web application titled "Online Super Market" in a development environment. The interface includes a top navigation bar with the application name, a "Development" mode indicator, and user controls. A dark sidebar on the left contains a menu with options like "Online Super Market" and "Online Super Market Report". The main content area features a registration form with the following fields:

- Customer Name: A text input field.
- Address: A large text area for input.
- Phone Number: A field with a country code dropdown (currently showing +91) and a numeric input (81234 56789).
- Email: A text input field.
- Item Category: A dropdown menu with "-Select-" as the placeholder.
- Item Name: A dropdown menu with "-Select-" as the placeholder.
- Quantity: A text input field containing "#####".

The bottom of the sidebar shows a user profile for "SANTHIYA K M" with icons for settings and notifications.
